

## MONEY IS PILING UP IN NEW YORK BANKS

Report of Comptroller Shows  
Enormous Gains in Loans,  
Cash and Deposits.

## WESTERN STATES LOSE

Business Stagnation in Many  
Parts of Country Thought  
to Be Indicated.

WASHINGTON, March 16.—Business stagnation in many parts of the country was indicated, according to treasury officials, by the reports to the comptroller of the currency on the condition of national banks on February 20.

The most notable exceptions were New York City, showing enormous gains in loans, cash and deposits; other reserve cities of the eastern states and both the city and country banks of the middle states. The apparent inactivity in some parts of the country, it was added, was characterized by a pre-election period and probably due to a "marking time" policy awaiting the outcome of proposed legislation.

Primarily because of the increased activity in New York City, the country as a whole showed substantial gains in business as compared with December 5, 1911, the date of the previous call. The totals for all banks in the country showed these gains on February 20 over December 5:

**Totals for Country.**

Loans and discounts, \$151,324,113; cash, \$57,293,201; and individual deposits, \$91,318,924. The number of banks was increased from December 5 to February 20 by eleven.

New York City, the point of greatest activity, showed gains in loans and discounts of \$12,826,137; in cash, \$68,052,549; and in deposits, \$18,089,051. The other reserve cities of the eastern states reported gains in all three items. The country banks showed losses in loans and cash, but gains in deposits. The eastern section banks report these gains:

Loans, \$129,791,888; cash, \$77,129,928; and deposits, \$60,291,470.

Reports from other sections of the country showed:

New England states—Losses in loans, \$714,352; in cash, \$213,988; in deposits, \$5,712,916.

**Losses in South.**

Southern states—Losses in loans, \$550,979; and in cash, \$142,597; gain in deposits, \$17,537,766.

Middle states—Gains in loans, \$20,545,275; in cash, \$11,681,037; and in deposits, \$22,430,068.

Western states—Losses in loans, \$688,910; in cash, \$2,336,784; and in deposits, \$247,815.

Pacific states—Losses in loans, \$7,275,583; and in deposits, \$1,725,551, but gains in cash of \$2,347,325.

The total resources and liabilities of the 7239 banks reporting February 20 was \$10,812,427,982. Their reserves amounted to \$1,369,314,527, an average of 21.44 per cent, or \$7,693,337 above the amount required by law.

## BUTTER IT IS NOT, SAYS CHEMIST'S TEST

Willard Hansen, dairy and food commissioner, gave out the information yesterday that following preliminary analysis made by Herman Harms, state chemist, the commission has turned over to the federal authorities the case of an as yet unknown manufacturer of a brand of imitation butter, labeled "Mrs. Sweet's Butter—Sixteen Ounces to the Pound."

The first reaction of the test conducted on the product by Mr. Harms resulted in showing the presence of cottonseed oil and thereby proving the "butter" to be oleomargarine. As it is a misdemeanor on the federal statutes to manufacture oleomargarine without a government license, the case was turned over to the local federal authorities for investigation.

The product is said to have had a large sale among select customers in this city, who were deceived by the high color given the oleomargarine. A sample of the butter was purchased on the open market by representatives of the pure food bureau and turned over to Mr. Harms for analysis.

## P. J. Moran Has Agreed to Do Work at His Own Expense.

PLANS already have been prepared for the new playground to be constructed early next year in City Creek canyon, on the spot where Contractor P. J. Moran's asphalt plant now stands. This work is to be done by Mr. Moran at his own expense, in return for permission to occupy the ground for the remainder of the year and will cost in the neighborhood of \$60,000. It is to be completed by March 1, 1913.

The two-acre plot is a short distance from the mouth of the canyon and is a natural amphitheater, forming an ideal spot for a park and with its excellent acoustic properties for band concerts. It is situated in close proximity to the site of the new capitol building, which will tower hundreds of feet over the canyon. A winding road may be constructed leading up from the playground to the capitol grounds.

George D. Keyser, commissioner of parks and public property, who secured the agreement from Mr. Moran for the improvement of this property, hopes to further beautify the canyon, parking much of the land adjoining the playground. City Creek canyon is one of the most beautiful of the many scenic attractions of this section and will require but little work to make it the people's favorite resort in the summer season.

The accompanying diagram shows the location of the proposed playground and the manner in which it will be improved.

## JUSTICES PLEASED WITH WORK ON ROADS

Chief Justice Frick and Justice Straup of the state supreme court returned home yesterday from a trip to St. George, where they went one week ago in company with Warden Pratt of the state prison to look over the work done by the road building gang of convicts in Washington county.

At St. George the party encountered a very heavy rainstorm, the first storm that vicinity had had since last September.

The travelers expressed themselves as well pleased with the work done on the roads.

## I Am Willing To Prove Can Cure You

To That End I Am Giving Away \$10,000 Worth of Medicine

In order to show beyond all doubt that I am in possession of a medicine that will cure kidney trouble, bladder trouble or rheumatism, I will this year give away ten thousand dollars' worth of this medicine, and anyone suffering from these diseases can get a box of it absolutely free. All that is necessary is to send me your address.

I don't mean that you are to use a part of it or all of it and pay me if cured. I mean that I will send you a box of this medicine absolutely free of charge, a gift from me to the Uric Acid sufferers of the world, so I can show them where and how they may be cured. I will not expect payment for this free medicine, nor would I accept it now or later if you sent it. It is free in the real meaning of the word.

For twenty-five years—a quarter of a century—I have been trying to convince the public that I have something genuine, something better than others have for the cure of stubborn, chronic rheumatism, for torturing kidney backache, for annoying uric acid, and for all these things unaccountably and give up all hope and refuse to try any more. Hereafter, happily, I am in a position now to demonstrate to sufferers at my own expense that I have a medicine that cures these diseases. I don't ask them to spend any money to find out; I don't ask them to believe me, nor even to take the word of reliable people, but all I ask is that they allow me to send them the medicine at my own cost. That is surely fair.

To this end I have set aside ten thousand dollars, which will be used to compound my medicine. Much of it is ready now to be sent out, and I am sending it standard. There will be enough for all sufferers, though there be thousands of them. And anyone who needs it can get some of it free. But in order that I shall know that you have a disease for which this medicine is intended, I ask you to send me some of your leading symptoms. If you have any of the symptoms in the list printed here you need my medicine and if you will write me I will gladly send you a box of it free with full directions for your use. Look the symptoms over, see which symptoms you have, then write me about as follows:

"Dear Dr., I notice symptoms number—here put down the numbers, give your age, full address, and send it to me. My address is Dr. T. Frank Lynott, 1463 Occidental Building, Chicago, Ill."

The ten thousand dollars I am spending for the compounding of my medicine is only a part of the money I am devoting to this cause for the package of medicine I send you will be fully prepaid at my expense. From any standpoint you view it, YOU incur no expense or obligation. Just tell others who you know are suffering who sent you the medicine that cured you.
